Remarks

The foregoing amendment inserts a cross-reference in the specification to the parent application, limits the original claims to the group designated as restriction group I in the restriction requirement issued in the parent application on February 4, 2003, and adds two new dependent claims which further restrict the markush groups of claims 2 and 3, respectively, to particular species. No fees for consideration of this amendment beyond those provided for in documents accompanying this paper are believed to be necessary. However, in the event that additional fees are necessary to allow consideration of this paper, such fees required therefore (including fees for net addition of claims) are hereby authorized to be charged to Deposit Account No. 501968.

Respectfully submitted,
